

## New look to MyTHR.org

We will be implementing updates to PeopleSoft that will go live June 26, 2023. The MyTHR login page will now have a different look, but employees will access the site just as they always have.

Active Employees, JV's and Contractors: For Full Employee Self Service functions, login using the link below

**Active Users**

To Clock In / Out and access Timesheet only, click "MyTime" below

**My Time**

Leave of Absence, Suspended, or No Longer work at TexasHealth, login using the link below

**Inactive Users**

Volunteers, login using the link below

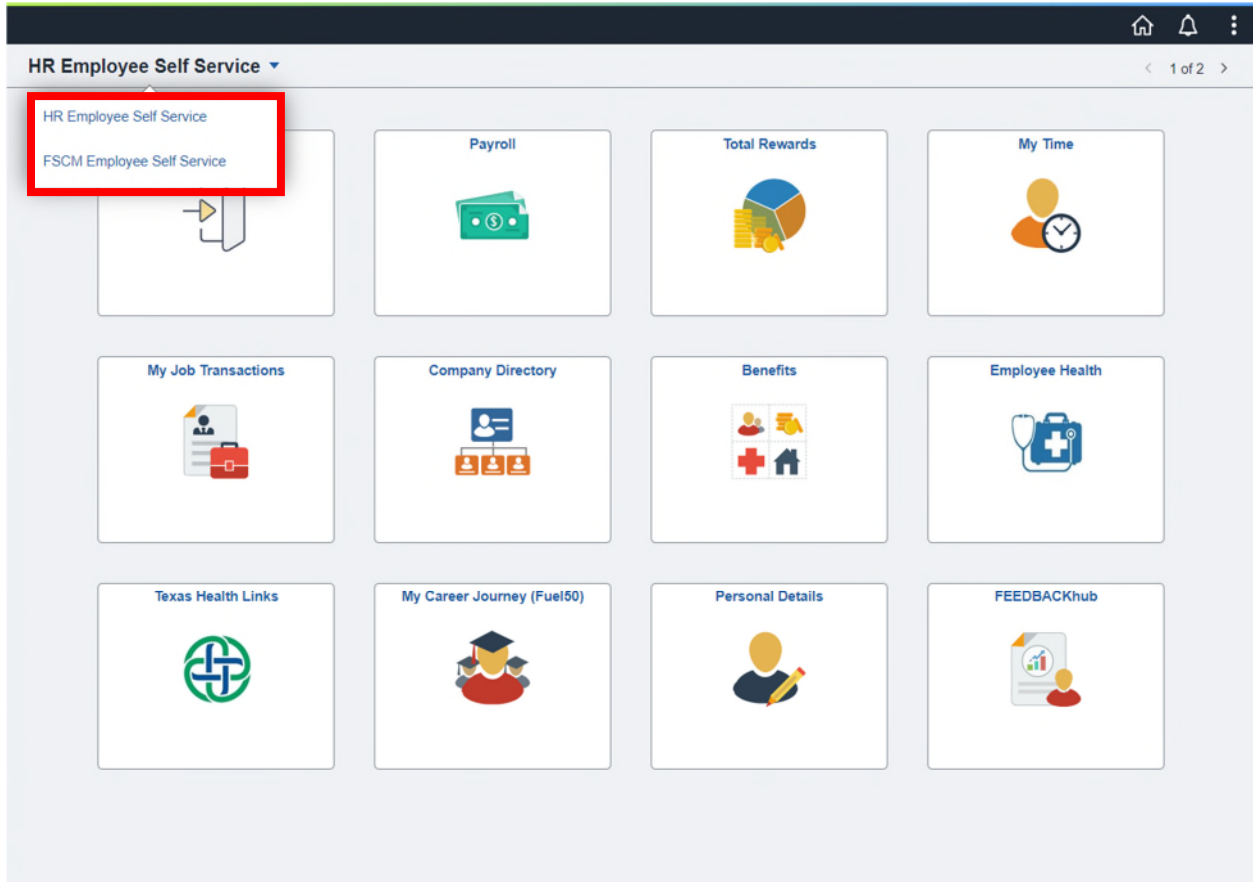

**Volunteers**

Healthcare personnel should not report to work if you are experiencing symptoms, and contact Employee Health or your Agency if you have been exposed to a confirmed COVID-positive person or tested positive for COVID-19 in the last 5 days.

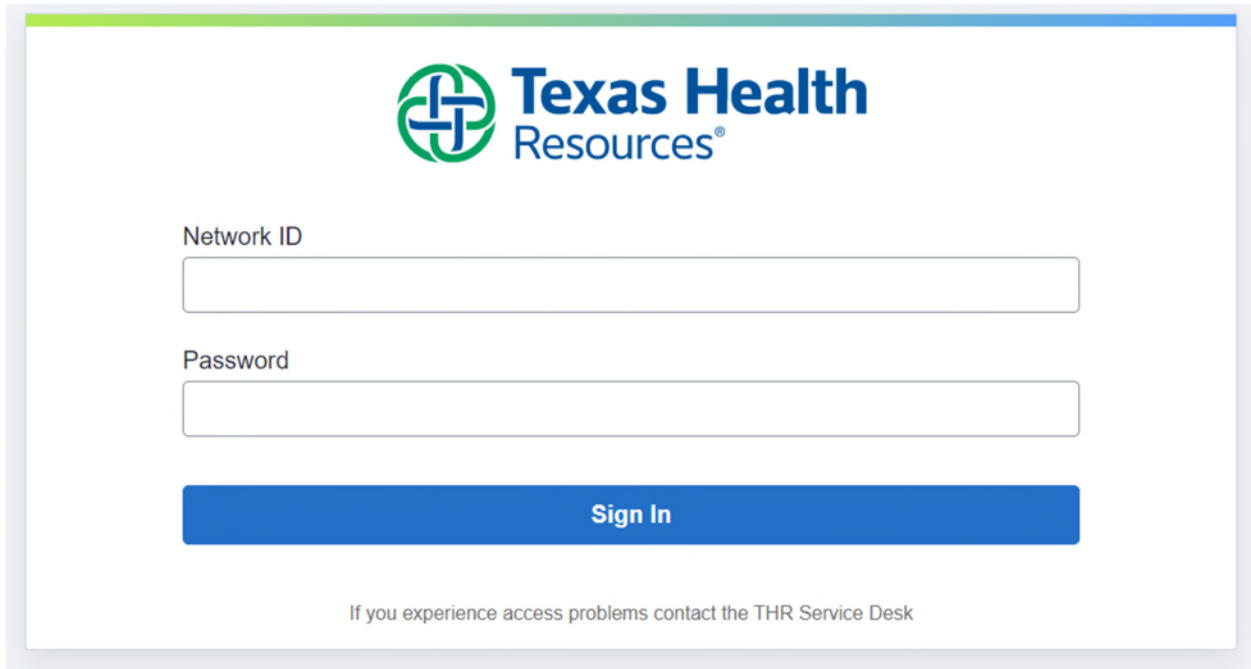

This is a Texas Health Resources (THR) computer system. THR computer systems are provided for the processing of official THR information only. All data contained on THR computer systems is owned by THR, and may be monitored, intercepted, recorded, read, copied, or captured in any manner and disclosed by authorized personnel. If you are not an authorized THR user on this computer system, you must now terminate your access.

The home page will look different as well and although the tile names are not changing, the look and feel of the pages will change. The Self Service drop down has moved from the center of the page to the far left.

If you click the link to log into PeopleSoft FSCM (Finance and Supply Chain) directly from the Quick Links section of the MyTexasHealth homepage, you will see that the login page has a new look.

The tile names have not changed but the look and feel of the pages has. Recently Visited and Favorites icons are available by clicking the Navigator icon OR clicking the icons on the far left side of the page.

The PeopleSoft FSCM job aids are being updated to include the new look of the pages and changes in steps, if any.
